Presidents' Message

by Leo Cardillo

After attending the Summer NABC in Long Beach, my bridge playing days this summer passed in a flash! August and the Hunt Valley Regional, an event I have always enjoyed, was a blur and the only bridge content was the District 6 meeting on Saturday afternoon (routine agenda with normal business and the election of the District 6 At-Large Governors: Kay Afdahl, Barbara Ames, Anne Duty, Margot Hennings, Kathryn Kiley, Wyatt Mapp, Barbara Moomy, Lynn Rattinger, Charity Sack and Patricia Wilson, all for one year terms of office).

"...participation of these younger players is vital to the long-term survival and success of this wonderful card game"

September and Hurricane Isabel redefined most of our leisure activities into trying to find electricity and/or water for somewhere between a few days and, for those living in the greater Richmond area, the better part of two weeks! It had been more than twenty years, since my family and I lived in Liberia, Monrovia (West Africa), that I had to forage for water to manually flush toilets! As soon as the power and water were restored, it was time for the rescheduled North American Pairs (NAPs) in Williamsburg.

Speaking of Isabel and the NAPs, the hurricane also affected the startup of the Bridge Club at Thomas Jefferson High School, an activity that I enjoy most every Friday afternoon. However, it failed to disrupt the bridge playing ability of Robert Brady and David Banh, two of the TJ players from this club. These two young men took 3rd place in the C Flight of the District 6 NAP to win a trip to Reno. To all those who came away winners there, I wish them great success in Reno and the Spring Nationals!

(Continued from page 2)

To further youth bridge in this area, the NVBA, in conjunction with the WBL, hopes to support several new bridge clubs at area high schools and sponsor an annual interscholastic competition and trophy. Volunteers are needed to establish and support the new clubs. Time requirements are minimal and the students mostly enjoy recreational bridge with little emphasis on formal teaching, if at all. If you choose to get involved, I promise that you will enjoy working with these young folks, and that the activity will help maintain your own youthfulness. The participation of these younger players is vital to the long-term survival and success of this wonderful card game. Contact any Board member if you would like to explore this possibility further.

Close to home, NVBA's annual Holiday party is scheduled for Thursday, December 11, 2003 (see Marshall's Unit Game column for the full flavor!). Stella Perry has graciously volunteered to oversee this festive and food-filled affair. It will be held at the Beth El Temple on Seminary Rd. and players are requested to bring side dishes and desserts to supplement our catered goodies. And it is

worth repeating here—no shellfish or pork products please. I will work with the Board to provide some intoxicating (not the liquid) type of door prizes to spice up the fare! An additional volunteer or two to help Stella would certainly be appreciated. Please contact me, or any member of the Board, if you'd like to help.

Speaking of volunteers, last month's Newsletter solicited a volunteer to serve as the NVBA representative to the District 6 Charity Foundation Board. This Board is chaired by Andre L'Heureux, and I am pleased to announce that Lenore Ward has offered to fill that position! I look forward to hearing her reports as that activity gets underway, and I thank her for her support!

Current Board activities include preparation of a member survey to help sort out preferences on a number of issues. In addition to the survey, the Board welcomes your comments and suggestions at anytime! This is your Unit - let us hear from you.

I look forward to seeing you at our upcoming NVBA Sectional November 6-9, 2003 at KOCH.

And remember, "PARTNER IS ALWAYS RIGHT"! Try it for a few games! You'll be surprised at the results!!

Unit Game News

by Marshall Kushner

Chief Director

Here I am, writing this in October, and I realize this is my last chance to wish you a happy Holiday season. I have yet to rake up my first bagful of autumn foliage let alone ponder Christmas shopping. I am still looking forward to Thanksgiving in New Orleans and it's not all that imminent. Heck, I don't even know who won the Ohio State-Michigan game.

Still, I must force myself to think wintry thoughts. Okay, turkey, stuffing, cranberry sauce, devilled eggs. Yes, it all comes forward to me now. The annual NVBA Holiday party, featuring a sumptuous feast and fine bridge will be held on December 11th. We caution you, however, not to overeat because you'll want to save room for the extra master points you'll win that night since it will coincide with the MABC STAC. Also, it's time to start thinking Grand National Teams. Our first club qualifier will be held on November 13th. Remember, you can't play in the district final if you don't qualify, and you can't win the trip to New

York next summer if you don't play in the district final. It's especially important this year because it may be the only way you can afford to attend the summer NABC next year. Additionally, you can tune up for the GNT's by playing in the next NVBA sectional, November 6-9.

I know it sounds like a lot, but, once it's over you'll get a few weeks to rest since Christmas and New Years fall on Thursday this year. I suppose it's only fitting for me to leave you with a Holiday thought. I also suppose that the thought should be universal, but it's not. It's directed to the men who are fortunate enough to play with a member of the fairer sex (is it still OK to say that?) Here goes. The woman has the last word in any argument. Anything you say after that, is the start of a new argument. Trust me, guys, I'm all over this one.

Merry, Happy, Joyous.

See you Thursday.

When We Open 1NT—An Advanced Structure

While almost every convention card you'll see proclaims that the pair is using "Stayman and Transfers", the follow-ups are often murky (or mishandled). The following is an auction-by-auction schematic for how opener and responder can negotiate the maze of forcing, invitational, and let's-just-find-a-fit-and-get-outta-here sequences available to them. Work with your partner to memorize these basic (and some not so basic) auctions and your accuracy will improve dramatically on the hands where one of you opens 1NT.

1. Stayman Auctions

1NT-2♣-?

2♦ no 4-card major

2♥ 4 hearts, may have 4 spades

2♠ 4 spades, fewer than 4 hearts

1NT-2♣-2♦-?

2♥ garbage Stayman, opener passes or bids 2 spades with 3 spades and 2 hearts

2♠ 5 spades, 4 hearts, invitational

2NT invitational, may or may not have any four-card majors

3♣ 5+ clubs, 4-card major, game-forcing

3♦ 5+ diamonds, 4-card major, game-forcing

3♥ 5 spades, 4 hearts, game-forcing (Smolen—allows 5-3 major fit to be played by 1NT opener)

3♠ 4 spades, 5 hearts, game

B. Transfers to Minors

Transfers to minors show 6+ cards in the minor, and a hand either stronger or weaker than merely raising 1NT to 3. The opener assumes (although this might not be the case), that responder has an invitational hand, trying to get to 3NT with a 6-card minor to 2 of the top 3 honors and no other points,

and tells responder whether he would be willing to shoot out 3NT in the event responder has such a hand. The theory is that if we have a running 6-card minor, we don't need as many high-card points to make game. An example hand would be: J10xx|Axx|AKx|Axx. Should responder have as little as xx|xx|xxx|KQxxxx, we would be delighted to play 3NT, even though we only have 21 HCPs.

1NT-2♠-?

2NT would decline invitation to 3NT based on a 6-card suit to 2 of top 3 honors

3♣ would accept such an invitation

- "Where's the hand you held during the auction?" ... a comment Jan Janitschke has made when dummy hits.
- South: Alert! East: Yes? South: I'm requested to further mis-describe my hand.
- It is not the handling of difficult hands that makes the winning player. There aren't enough of them. It is the ability to avoid messing up the easy ones....*Alan Sontag*
- Most bridge players prefer consistency in their partners rather than brilliance...*Matthew Granovetter*
- The sum of all technical knowledge cannot make a master contract player...*Ely Culbertson*
- A knowledge of the mechanics will suffice to put a player in a commanding position in the post-mortem. And this transcends the realm of science...*Victor Mollo*
