SPARKLING FRUIT SALAD

A dash of sparkle has been added to this fruit salad – a healthy and refreshing choice, especially for summer when fresh fruit is available. So easy to make! Serve in a bowl to share, as a side salad or dessert. Shared by Wendy Swanson.

PREP: 15-20 minutes

SERVINGS: 8

INGREDIENTS:

1 fresh pineapple, cut into chunks
1 (11 oz.) can of mandarin oranges, drained
1 C. halved fresh strawberries
1 C. halved green grapes
1 C. white wine or white grape juice
½ C. chilled club soda

DIRECTIONS:

In a large serving bowl, combine the pineapple, strawberries, oranges and grapes.

Combine the wine/grape juice and club soda – pour over the fruit.

Cover and refrigerate for at least 2 hours, stirring occasionally. Serve with slotted spoon, as appropriate.

You can add other fruits as desired – perhaps, a few blueberries – for a bit more color and variety. If it's not the season for fresh fruits, you can substitute canned or frozen varieties where needed.
